S774 CARLUCCI	A1490 ZEBROWSKI	1/3/18 SEN HOUSING CONST AND COMM DEVELOPMENT COMM 1/3/18 ASSM GOVT OPERATIONS	Endangering the welfare of fire and emergency personnel Expands remedies for violations of New York State uniform fire prevention and building code. The bill increases fines for code violations which create an immediate threat to the safety and welfare of the occupants.	Y	
S8251 ROBACH	A10424 WALLACE	6/19/18 PASSED SENATE 6/20/18 PASSED ASSEMBLY	Fire Apparatus Lemon Law When a fire truck or ambulance goes out of service, there is little recourse for a fire district or municipality. Necessary life-saving equipment is left inoperable and it is challenging to find replacement vehicles while going through the necessary legal challenges to secure a replacement from the manufacturer. The situation becomes more complex since fire districts and municipalities currently don't have privity of contract with the manufacturers of the inoperable equipment, forcing them to negotiate through the dealer, who must then negotiate with the manufacturer. This is a cumbersome process that wastes precious time and money that localities seldom have. For this reason, this bill aims to create a "lemon law" that would apply specifically to fire vehicle apparatus and ambulances, allowing direct recourse against the manufacturer, enabling a quicker solution for everyone and a quick reinstatement of life-saving equipment. S6242B AKSHAR	A8057B ABBATE	6/20/18 PASSED SENATE 6/14/18 PASSED ASSEMBLY	<p>Training for Fire Chiefs</p> <p>This legislation creates critical, yet basic, education, health and physical fitness training benchmarks for fire chiefs in any fire department, fire district, or fire protection district that employs five or more paid fire fighters in areas outside of New York City. In addition, this legislation required a minimum of five years as a lieutenant or higher prior to being promoted to chief. This ensures a transition where fire chiefs are learning necessary leadership skills at different levels within the organization. Currently, in New York State there are no training requirements to become a fire chief of a combination department (mix of volunteers and professional firefighters). This potential lack of training or understanding of fire situations can seriously jeopardize the lives of the brave men and women on the scene of a fire under the direction of the chief.</p>		AWAITING GOVERNOR'S SIGNATURE

S7443 LITTLE	A9589 JONES	6/13/18 PASSED SENATE 1/25/18 REF TO ASSM LOCAL GOVT	<u>This bill would authorize municipalities to establish a special district for general ambulance services, and would require a report by the commissioner of the Division of Homeland Security and Emergency Services to identify challenges concerning volunteer emergency services or personnel.</u> It's only the reporting provision that we object to. S5684 SAVINO	A2595 BRINDISI	6/12/18 AMENDED AND RECOMMITTED TO SEN FINANCE COMM. 1/3/18 ASSM ECONOMIC DEVEL COMM	REQUIRES LICENSING FOR THE LAYOUT, INSTALLATION, SERVICING, REPAIRING, INSPECTING, TESTING AND MAINTAINING AUTOMATIC WATER-BASED FIRE PROTECTION SYSTEMS <u>(AS WRITTEN COULD DRIVE UP COST OF RESIDENTIAL SPRINKLERS – NFPA 12 D SPRINKLERS FOR 1 & 2 FAMILY HOMES SHOULD NOT BE INCLUDED.)</u>	N	
S2063 LAVALLE	A5100 WEPRIN	1/3/18 REFERRED TO SEN INSURANCE 1/3/18 REFERRED TO ASSM INSURANCE	<u>This legislation rectifies a disincentive that is being felt by our volunteer firefighters in New York State. Currently, if a volunteer firefighter is operating a, motor vehicle during his fire fighting duties and is in an accident while responding to an emergency,</u>	N	

			he is personally held liable with his own personal auto insurance company. Therefore he is placed in the assigned risk pool and is responsible for increased insurance rates. This law protects the volunteer firefighter from responsibility while acting in the capacity as a volunteer firefighter and responding to the needs of the communities. Of course this is contingent upon the fact that the firefighter is not grossly negligent. The volunteer firefighters of New York State are one of our greatest assets. It is necessary that we afford these great men and women every protection to insure that they will not jeopardize their current life styles.

NO SAME AS	A2205 CROUCH	1/3/18 ASSM LOCAL GOVERNMENT HELD FOR CONSIDERATION	Emergency services are another area of cost beyond local government control due to the constant responding to incidents of accidental nature. Their duty is to ensure public safety and health by addressing all kinds of different emergencies. Sometimes the services they provide go unpaid and will cause them financial hardship resulting in closing their doors, staff layoffs, limited services, replacement or upgrade for equipment, etc. Emergency services save lives everyday and provide an unlimited amount of resource to the local community therefore should be exempt from the 2% property tax cap to help off set some financial cost. No same as	A2215 CROUCH	1/3/18 ASSM GOVERNMENTAL OPS	Establishes a fire prevention and emergency task force to develop a plan for training requirements and standards for fire prevention and emergency response services in rural areas.	N	
NO SAME AS	A804 PRETLOW	1/3/18 ASSM CIVIL SERVICE LAW	School board members are not paid for their public service. At times, they are under tremendous scrutiny. This bill would make the job of school board member more attractive to a larger segment of the population by attaching a benefit to the position. It is important that talented people run in school board elections. Adding this one benefit will make sitting on the school board a more desired position, and it will not incur costs for the school district or local government because the insured will pay the administrative costs and premiums. This in turn will lead to more qualified people running for the school board and help ensure that the public has a better choice of candidates. <i>We just want to see where this goes!!</i>
